9. FLEMING passed us his Blue 124/63 and 125/63 which requested traces and ROC checks on Dr. Heinz GARYE and Dr. Hans SCHINDORSKI. Both of these gentlemen were former commanding officers of Walter KURRECK, GHOLCHRS, in the SD. KURRECK is a CATHER who has long been under suspicion. One of the reasons for this suspicion is his past association with UNDRWSY, and another is the fact that [Deryabin] passed some derogatory material about a member of a German WWII resistance team (code name Zeppelin) in the North Caucasus, which KURRECK belonged to. By tracing KURRECK's former commanding officers FLEMING hopes to develop more information on his wartime duties in the Soviet Union. If it can be established that KURRECK took part in any nefarious activities CATHER will have reason to throw him out and this is exactly what FLEMING hopes to do.
